# GREAT MAJESTIC RANGES

ONE WEEK  
ONLY

Monday, Dec. 7th to Saturday, Dec. 12th

ONE WEEK  
ONLY

### Which Shall It Be?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove. You KNOW that old stove eats up a lot of fuel each year. You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs. Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation.

### THE GREAT MAJESTIC

—Malleable and Charcoal Iron Range—

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALEABLE and CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (brown bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs. Don't buy the range you expect to last a lifetime—"a unsight unseen," you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00 This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Don't Overlook the  
Date. This is a Special  
Invitation to You, Your  
Friends and Neighbors.

SPECIAL: All during this week a special demonstrator direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

### Come, If You Intend to Buy or Not

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

# HICKMAN HARDWARE CO.

Incorporated

### SEVERAL CHANGES ARE NECESSARY TO 4th CLASS.

Clem. Wheeler, manager of the Kentucky Actuarial Bureau, in response to inquiry at the Young Men's Business League wanting to know what changes will have to be made to put Hickman in a better classification and thereby get a reduction of fire insurance rates, sends us the following recommendations:

#### Water Works

1. Keep dug well No. 2 full of water at all times.
2. In future installations, discontinue the use of pipe smaller than 4 inch where fire service is supplied.
3. Replace, as opportunity affords, all single hydrants with these having two outlets.
4. It is recommended that the nuts on the top of valve stems be made of uniform size, similar to those on the hydrant caps, and arranged so that one wrench will fit all nuts.
5. Sectional shut-off valves should be installed at all vital points so that it will not be necessary to shut off over two blocks of main in the mercantile district in the event of repairs.

#### Fire Department

6. Appoint a competent fire chief, on regular salary, who shall have entire charge of the fire department.
7. Organize a volunteer fire department, consisting of at least two companies of ten active men each, who shall be paid for services rendered. Members to form a permanent organization and drill with apparatus at least once a month. Penalty should be imposed for failure to respond to alarm of fire.
8. Repair all hose reels now in poor condition.
9. Test all hose to at least 150 pounds static pressure, and replace with new hose all found in poor condition or unreliable.
10. Replace broken nozzles with new ones; all nozzles should be of the shut-off type.
11. Inspect hose and apparatus at least once a month in order to keep same in reliable condition.
12. Provide a central fire station, free from serious exposure, and install therein one hand-drawn (steel frame) hook and ladder wagon (preferably arranged so that in case of emergency it may be drawn by horses) carrying one 25 foot and one 35

foot extension ladder, one 18 foot straight ladder and one 12 foot roof ladder, with hooks, extra lanterns, axes, wrenches and spanners and hydrant gate valve. Also one reel, with not less than 500 feet of good quality, serviceable hose.

13. Provide more satisfactory telephone system for sounding fire alarm. This system to extend to homes of firemen.

14. Provide adequate means for drying hose after use.

#### Ordinances

The following ordinances should be adopted and put into effect:

1. An ordinance providing for fire limits and the construction and equipment of buildings.
2. An ordinance to regulate all automobile garages.
3. An ordinance to regulate the equipment and operation of picture machines and premises wherein the same are operated.
4. An ordinance providing for the inspection of premises by the fire department, and to safeguard the public and property against fire.
5. An ordinance providing for the cleanliness of streets, alleys and premises.
6. An ordinance regulating the

burning of refuse.

7. An ordinance regulating the storage of explosives.

8. An ordinance prohibiting the discharge or firing of fireworks and other pyrotechnic displays.

9. An ordinance providing for fire escapes.

10. An ordinance regulating the storage and handling of crude petroleum, benzine, gasoline, naphtha, ether and other like volatile combustibles or their compounds.

#### Prompt Action Will Stop Your Cough.

When you first catch a cold (often indicated by sneeze or cough), break it up at once. The idea that "It does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough" is one of many honest testimonials. 50c at your druggist. (Advt.)

#### WISE AND JUST.

There was a man in our town,  
And he was wondrous wise;  
He said all plants were mistletoe  
To his discerning eyes.  
  
When'er beneath a spray of green,  
From holly down to fir,  
He found a maiden young and fair,  
He then and there kissed her.  
  
And when the maids objected, he  
Did penance there and then;  
He counted up each kiss he took,  
And gave it back again.
